In Memorium

Norbert Benkesser

As you may know Norbert Benkesser passed away on Sunday 20 November and we again send our condolences to Gail and Norbert's families.

Albert, Norbert's brother, said that there was nothing that Norb wouldn't do or try to do for family and friends. All Norb's children said he was their hero.

The Club is grateful for the time Norbert gave to the Club as a fierce competitor, dedicated club person and Committee member and someone who was always willing to help others out.

RIP Norbert (Car no. 4)

Season Start

We are pleased to report a good start to our season ... even if a little controversial with the postponement of the State Title. Rest assured we will hold the State Title this season, more information to follow as soon as the new date has been finalised.

October 29 – Bunbury – a solid start to the season with the Davis brothers sharing highest points on the night and Chris Ackland taking out third place.

The second night's racing at the Motorplex on Friday 4 November Todd Davis draw first blood, Michael Armstrong second and Chris Ackland third. The track was very fast and it was great to see the feature race on the night with the 360s. Todd Davis and Gary Miller's car, driven by his son, gave the spectators plenty to get excited about - passing each other about 5 times during the last 5 laps.

Despite the State Title cancellation Manjimup was successful for all concerned and we thank those who were still able to make the meeting. Chris Ackland notched up his first win for the season with Michael Armstrong second and an upcoming driver, Ron Wilson, third.

The Muster

2 January, Motorplex Kwinana Beach

ENTRIES CLOSE

WEDNESDAY 14TH DECEMBER

LATE ENTRIES CLOSE:

WEDNESDAY 28th December

A Word from the President

We have a lot of new drivers this year and it is great to see all of drivers giving them respect on the track and not making dangerous moves when passing.

I appreciate the feedback from drivers and club members.

The next meeting is Saturday 10 December at Bunbury – we look forward to seeing as many there as can make it. Presentations will be in the Pits at the end the night. Please contact Martin if you are in sponsoring or donating for the night.

The Blog

Thank you to Mike Armstrong for keeping up the Blog this year. Any news you want to share – please send to Mike or Shane.

Positions Vacant

Believe it or not ... the AGM is not that far away. The roles of Treasurer / Insurance Office and Secretary will be vacant at the 2012/13 AGM.

Lilian Moreton is retiring and we will need a replacement for her. Not to scare anyone off, but here is a brief history of Lilian's time with the LSA. Please forgive any "historical" mis-facts, we are working from memory, and let's face it, we all know that can be tricky!

LILIAN and John (Tex) Moreton were inaugural members of the LSA Club, going back to about 1985/6. Both John (ex president, vice president and committee member and very strong club member during his time) and LILIAN have made significant contributions to the Club.

LILIAN was pit crew when John was racing and also LSA lap scorer, part time handicapper and assisted with pit marshalling. Lilian, John and son Peter are all life members of the Club.

LILIAN has been on the social committee, helping organise functions (in the past we had car rallies, cricket matches and social days) as well as the presentation evening and has been the trophy

master since taking over from John – 15+ years.

LILIAN of course has been treasurer for some years and then took on the role of Insurance officer from the secretary when the two positions were merged. She has also organised raffles and merchandising for fund raising and will be one of the first to put up her hand to assist the Club to progress.

LILIAN should probably be classified as a NATIONAL TREASURE for the LSA and it will take about 5 people to fill the positions she has taken on board.

For the all the times we didn't say it Lilian – **THANK YOU.**

Festive Greetings

We wish all members and their families a safe and happy Christmas and new year celebrations.

We look forward to seeing you at the Motorplex on January 2 for the Sprintcar Muster.
